# Wellspring

If it's paradise you're after, you're after the Wellspring. Sit on the wrap-around ledge and spend some time catching up with family and friends, or teach your littlest how to splash in the pool on the extra-large sun shelf. It's the perfect place for a stay-cation.

1. **Fun.** Extra-large sun shelf is ideal for loungers, bubblers, toddlers and more.

2. **Family time.** Share the wrap-around bench with family and friends.

3. Expanded entry steps.

4. Non-skid surface on floor, benches, sun shelf and steps.

5. **Sit and enjoy.** Soak on the deep-end bench and enjoy.

Nine Layers Of Strength

The Composite Sandwich of Awesomeness

Let's think of a fiberglass pool shell as a huge sandwich. A sandwich is a composite, which basically means it's made up of different materials. Each material is applied in layers with the goal of giving the entire sandwich maximum flavor.

Such is the case with a fiberglass pool. It's a composite. It's manufactured in multiple layers with each layer serving to maximize the strength and durability of the entire structure. In other words, our fiberglass pool is thought of as a sandwich of strength. Hence, we affectionately refer to our unique manufacturing methodology as our **Composite Sandwich of Awesomeness.**

1. Gel coat.

2. Vinyl ester barrier coat.

3. First application of chopped fiberglass.

4. Second application of chopped fiberglass.

5. Hand-laid woven roving fiberglass.

6. Third application of chopped fiberglass.

7. Honeycomb core.

8. Fourth application of chopped fiberglass.

9. Fifth application of chopped fiberglass.

*Handrail, rope with floats, and safety equipment may have been removed for photography purposes. Thursday Pools requires that all pool installations install a handrail and comply with all federal, state and local building codes.
